PJD2121

ULTRA-PORTABLE PROJECTOR

WITH BrilliantColor™ TECHNOLOGY

Our Best In Portability

The new ViewSonic® PJD2121 compact portable projector leaves nothing behind but the weight. Brilliant images, produced at 400 lumens with a contrast ratio of 1800:1, ensure your presentation will always shine. Texas Instruments' BrilliantColor™ technology creates pictures true to life. Using multiple picture modes you can create a presentation that will be entertaining and memorable. It supports both 720p and 1080i HD formats. The bottom load lamp and filter-less design provide for easy maintenance and low total cost of ownership. This easy to pack and go device is light weight – just over 2 pounds – and is ready to perform anywhere you take it.

PERFORMANCE YOU TAKE WITH YOU

> **Compact portable projector**
  With a small profile, only 8" x 4 ¾' x 2 ½",
  this projector is perfect for people on the go.

> **Super light weight for ultimate mobility**
  At just over 2 pounds this projector can effortlessly
  be carried in briefcase or travel bag.

> **BrilliantColor™ technology**
  Latest BrilliantColor™ technology delivers stunning all-digital
  clarity with life-like color, sharp graphics and outstanding video.
  The sophisticated 6-segment color wheel enriches the
  yellow color performance that is key to accurate and vivid
  color reproduction.

> **Short throw displays a 60" crisp image from just 4 feet**
  Just right for small spaces or small groups.

> **ViewMatch™ quick key for optimal color**
  Make adjustments from the remote control for
  quick and accurate color corrections.

> **Off-to-Go feature**
  The direct off feature allows the busy presenter to simply
  unplug the projector and go without waiting for the usual
  cool down phase. This feature also protects the lamp from
  sudden power blackouts.

> **Supports HD signals including 720p and 1080i**
