

i500

Personal Entertainment Projector

The BenQ i500 projector brings personal entertainment anywhere. Its compact size, industry leading interface and short throw performance make it great for life on the go. The outstanding Colorific image quality is complemented by in-built 10W speakers, delivering a complete entertainment solution. Additionally, the lamp free LED light source deliver 20,000 hours of outstanding reliability.

Outstanding picture quality

The BenQ i500 is powered by Digital Light processing (DLP) Colorific™ technology and delivers an impressive 1.07 Billion colors which ensure that everything being projected is accurate and crisp. The Colorific technology is complemented by a 10:000 contrast ratio and WXGA (1280x800) HD resolution which elevate the viewing experience.

Big entertainment in small spaces

Designed for a busy urban lifestyle, the BenQ i500 will impress everyone with its ability to deliver big enjoyment in small spaces. The projector's short throw 0.6:1 ratio projects an 80" image in just 3.3 ft, meaning it's great for rooms with limited space like those in small apartments and lofts.
