

EB-1450Ui

DATASHEET

Benefit from collaborative meetings and develop a truly forward-thinking workplace by promoting knowledge sharing and communication.

Our latest ultra-short-throw projector brings interactivity to any meeting room, featuring finger-touch and dual pen capability, a high brightness level of 3,800 lumens, Full HD WUXGA resolution and remote multi-location connectivity. The ultra-short-throw EB-1450Ui is designed to present a scalable screen size of up to 100 inches to deliver the requirements of any business working environment.

Up to 100-inch display and outstanding quality

Full HD WUXGA resolution combined with Epson's 3LCD technology ensures high-quality content has more vivid colours and brighter images. HDMI connectivity also means that the audience benefits from sharper and clearer content displayed in any meeting room environment.

All-in-one office solution

This interactive meeting room solution combines the benefits of flipcharts, whiteboards and conventional screens into one unified meeting room solution. Meeting participants can view and annotate whiteboard content from a range of smart devices, without the need for any special application, ensuring information remains secure with the ability to apply passwords to meetings and notes. The remote desktop feature promotes freedom from the desktop – simply leave your PC, including those running Windows 10, on your desk and present from anywhere around the office. Take advantage of Skype in business and other video call solutions during meetings.

Finger-touch and dual pen

Use your fingers to annotate directly on the screen. With the new dual pens, colleagues can work simultaneously using different pen attributes.

Sliding split screen

Combine two sources and project, such as multi-source video conference and presentation, to optimise interaction.

Wireless connectivity

Share content easily from a range of smart devices using the iProjection App².

KEY FEATURES

- **Up to 100-inch display & outstanding quality**
Full HD WUXGA resolution with Epson's 3LCD technology
- **All-in-one office solution**
Various office equipment in one interactive collaboration device
- **Increase integration and collaboration**
Share content from a range of devices simultaneously
- **Finger-touch and dual pen**
Use your fingers to annotate directly onto the screen
- **Whiteboard sharing mode**
Invite and share meeting notes with participants
