

Enjoy Super-sized 100-inch images
just 30cm away from the wall

LCT100 laser ultra short throw projector

Experience a super-sized 100-inch image with the LCT100 placed only 30cm away from the wall. Live sports are not to be missed on this Full 1080p laser ultra short throw projector, whilst watching films is the closest thing you'll get to the cinema in your own home. And with high brightness and low latency it is great for playing action-packed games in any room.

Enhanced Color Gamut

Featuring a solid-state laser-phosphor light engine instead of a traditional projector lamp, the LCT100 produces a brightness of 3,000 lumens and a high contrast ratio. Apart from delivering great colors, the laser engine eliminates the cost of replacement projector lamps, and has a life expectancy of up to 20,000 hours.

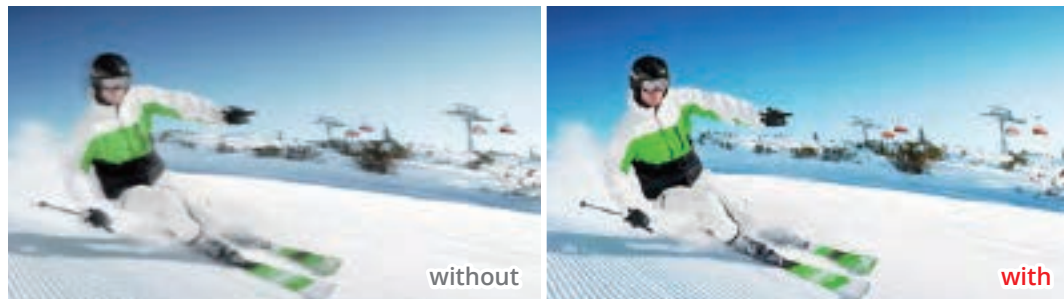

Ultra short throw

With an ultra-short throw lens, you can project an impressive 100" image from just 30cm away from a flat surface or screen. This allows you to place the projector closer to the wall and removes the need for lengthy cables, simplifies setup and reduces installation time.

PureMotion

Using sophisticated frame-interpolation technology, advanced motion control processing eliminates motion blurring or image judder, even in high-speed action sequences.

ExtremeBlack

In situations where only absolute darkness is good enough, the LCT100 has an ExtremeBlack to provide total blackout. Perfect for scene changes during live performances where traditionally a mechanical shutter would be used.

Smart Projector

Turn your projector into a smart display by connecting the HDcast Pro (sold separately) and stream videos, music and share photos on the big screen using your smartphone or tablet.

Integrated Speaker

Complete your home entertainment experience with the convenience of a powerful built-in speaker. Built-in speakers provide exceptional sound quality and are easy to set up without the need for costly external speakers.

Specification	LCT100
Resolution	Full HD, 1080p(1920x1080)
Brightness	3,000 ANSI lumens
Light Source	Laser phosphor
Light Source Lifetime	20,000 hrs
Throw Ratio	0.25
Speaker	10W
Dimension/Weight	38.2x31x12.4cm / 5.6Kg
