Key Technologies

720p 3LCD (1280 x 800) WXGA 3 LCD chips deliver crystal clear WXGA (1280 x 800) 720p HD theater-like resolution.

2,000 lumen brightness¹ The Sony® VPL-BW5 emits 2,000 lumens that produce an ultra-bright picture, giving you the flexibility to have your big screen viewing experience in virtually any lighting situation, without the need for a dark room.

Up to 700:1 contrast ratio A 700:1 contrast ratio enhances your viewing experience with detailed and clear images in bright scenes and deeper black levels in darker scenes.

1.2X Zoom The VPL-BW5 allows you to adjust the size of your image up to 1.2X so you can fit it perfectly to your viewing screen.

Noise Reduction The VPL-BW5 has a Noise reduction function that reduces unwanted picture artifacts giving you a more clear and natural viewing experience.

RS-232C connectivity RS-232C connectivity enables operation of the projector using a home theater automation controller

Auto Keystone Correction Allows the projector to be placed in different locations without distorting the image, making installation easier.
