EPSON®

EPSON PowerLite® 715c
The stand alone projector that stands above the rest

Twelve hundred lumens in a 6 lb package–when you size it all up, it's the perfect solution for highly effective mobile presentations. The brightest 6 lb projector in its class, the EPSON PowerLite 715c consistently delivers sharp, vivid images, even in the most challenging lighting conditions. Take it across the hall or around the world. Its award-winning 3-LCD design and exceptional video processing make it the ideal partner for business professionals. Its innovative EPSON EasyMP™ technology facilitates PC-free presentations so you can leave your laptop and cables behind without sacrificing advanced features. Epson's EasyMP technology also delivers lightning-fast image renderings plus 15 transitional effects. And, with its "power-on-and-go" operation, even novice users can be up and running in no time. Having brought over 50 years of engineering excellence to the business world, Epson continues to contribute technologically-advanced, user-friendly solutions like the EPSON PowerLite 715c–the perfect combination of portability and performance.
