

# EB-L20000U

Compact 20,000-lumen WUXGA laser installation projector that offers fit-and-forget reliability and great performance.

The EB-L20000U is designed to be used at events, festivals, visitor attractions, large auditoriums, trade shows and shopping centres, as well as for corporate and educational purposes.

#### A futureproof 20,000 lumen projection solution

Easily slots into an existing infrastructure. It uses the same lenses as Epson's popular EB-L1000 series projectors that are native-4k compatible.

#### Easy installation

Light, compact and easy for a single person to transport and install. The EB-L20000U offers 360-degree installation and can project from any angle, as well as in portrait mode. It also features built-in camera for automatic edge-blending.

#### Trusted reliability

A five-year, 20,000-hour warranty, coupled with inbuilt self recalibration means these projectors can be installed and forgotten about. The built-in camera enables remote adjustment and troubleshooting.
