

- Smart stand that allows for ceiling projection
- Swappable top plates to suit your mood
- JBL speakers for sensational audio
- Built-in battery for fun on the go
- Instant power on to enjoy your favorite shows right away

The ViewSonic M1 mini is a pocket-sized projector that delivers convenient audiovisual entertainment anywhere. With the light weight, ultra-mini size and swappable coloured top, it serves as a personal pocket cinema for your everyday life. The built-in battery, JBL speakers, and the ability to be charged by a power bank, allows for easy outdoor or on the go use. The adjustable stand offers flexible projection angles that can satisfy any viewing needs - even ceiling projection. The ViewSonic M1 mini pocket cinema is the ideal option to enjoy audiovisual entertainment for your everyday life.

Fun and Simple Design

Swappable Coloured Plate

Flexible Stand

Pocket-Sized

JBL Speakers for Room-filling Sound

Embedded with sensational JBL speakers, you may hold the coolest movie night or music party whenever and wherever you want.

Cinematic Experiences On-The-Go

Watch 2 episodes of your favourite TV series back-to-back anywhere without running out of battery. Still not enough? Easily extend your playtime by plugging in the power bank you use to charge your smartphone.

2.4 hrs
In Eco mode

Instant Power On to Enjoy Your Favourite Shows Right Away

Tired of staring at a blank screen waiting for the display to get started? Set up your own cinema in an instant with the M1 mini and enjoy your favourite shows right away.

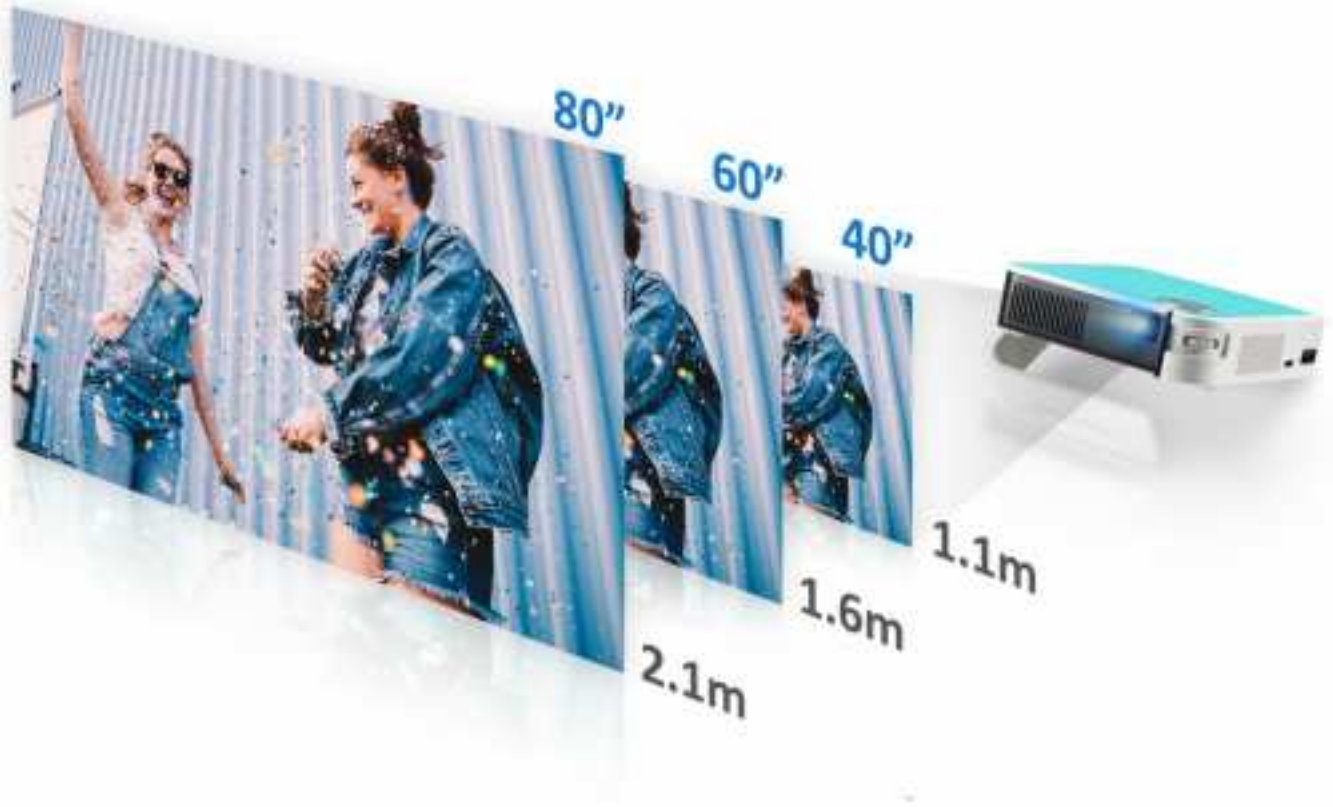

Instant Power On

Go Big Even in Small Spaces

Scale up the excitement with a screen size easily made larger than a TV - even in your own room, dorm or any other small spaces. With a 1.2 throw ratio, the M1 mini is capable of projecting a nearly 40" screen size from only 1.1m away.

Plug & Play

Never find yourself lost in a jungle of complicated I/O ports. Simply plug in a USB flash drive or connect to your device via HDMI cable, and start enjoying movies, photos and music with ease.

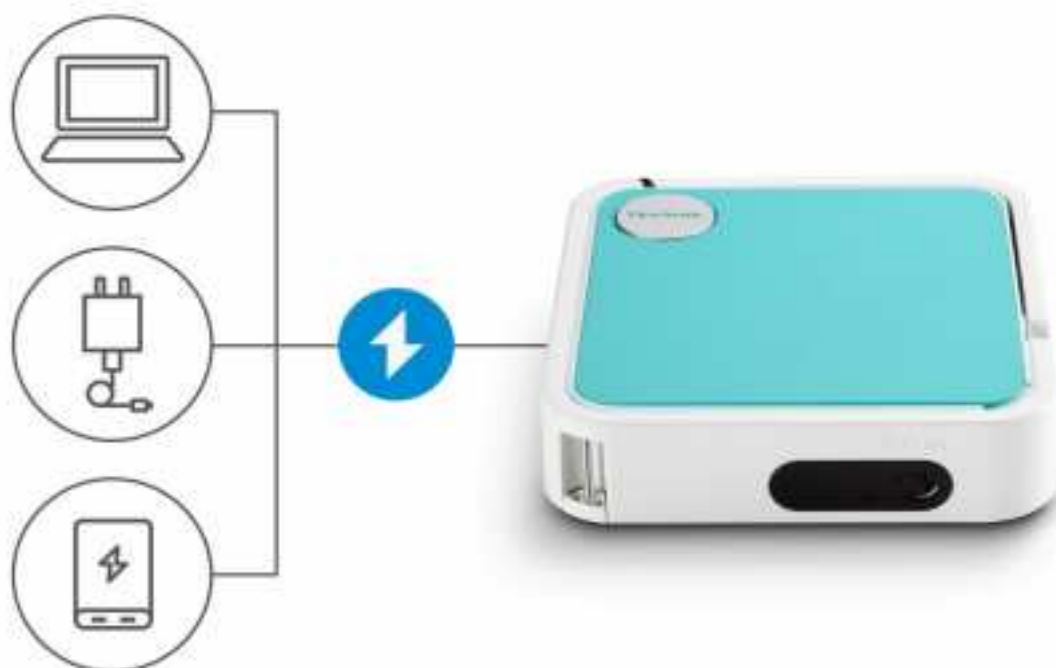

Perfectly Proportioned Images Every time

No matter how you tilt the projector, up or down, the Auto V Keystone correction ensures the projection is always properly aligned, with no need for manual adjustment.

Easily Recharged, Blending in with Your Everyday Life

You can easily recharge the M1 mini by connecting to many of the devices you already have, e.g. power bank, smartphone adaptor, or PC.

Exterior & Rear I/O Connectors
