

CinemaSnap • Matrix White Fixed Frame

High Colour Saturation

Low Colour Saturation

High Resolution

Low Resolution

A premium projection screen material that is specifically designed to enhance the home theatre experience.

Through improved resolution technology and utilising state of the art optical structures on the front of the surface and a light-tight grey backing, the new Matrix White surface in conjunction with the CinemaSnap fixed frame system is today's ultimate screen for LCD or DLP Projectors.

MATRIX WHITE IMPROVES

- Resolution
- Colour Saturation
- Anti-Hot Spotting
- Brightness Levels.
- Off Axis Viewing

Matrix White has a unique micro-textured surface which displays a sharper resolution level and the grey backing allows no light to pass through the fabric, therefore increasing brightness levels over the standard matt white fabric, through improved reflection of the projected light.

PRODUCT FEATURES

- Hidden mounting system
- Powder coated aluminium frame
- Bevelled frame edges
- Unique SNAP surface fixing system
- Surface under constant tension for optimum lay flat
- Includes wall mounting brackets
- Custom sizes and format ratios available
- Flocke frame optional
