ElectriCinema • Premium Motorised Screen

The ElectriCinema has long been the premium projection screen of choice for the AV industry, with all the high quality features that you come to expect from a Screen Technics product, rugged design, contemporary good looks and ease of installation with the universal bracket system. But now Screen Technics has gone the extra mile and combined this world class screen with the Connect Control System, fully integrated within the head-box canister, it has all the control and connectivity options one could ask for in an audio visual environment.

NB : Codes with S have canisters of 92mm x 98mm
Codes with L have canisters of 130mm x 130mm
Codes with XL have canisters of 260mm x 260mm

Not only has Screen Technics sorted out the control issues, but we also offer the unique Interfit Screen Box that allows your ElectriCinema screen to be neatly installed within the ceiling space for the fully integrated style so popular in today's multi purpose office, home theatre and commercial room design.
Not suitable for ElectriCinema XL range.

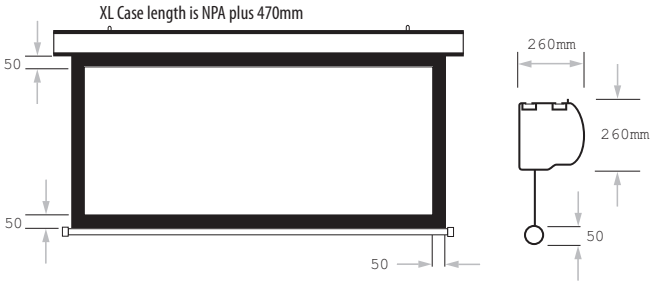
ELECTRICINEMA

Screen Technics is proud to release this new extension product based on the world class Electricinema series of projection screens. Up till now if you required a screen larger than 200″ diagonal, you had to deal with our Chancellor range of screens, which was a basic heavy duty staging product, but with the new XL series you can expect all the designer good looks and leading edge functionality that the Electricinema is justly famous for. These features being the internally mounted Connect Motor Control device, flexible bracketing system and standard IR remote control.



The ElectriCinema XL utilise load rated M10 Eyebolts and requires at least 6 fixing points.

PRODUCT FEATURES ELECTRICINEMA XL

Description: Designer Style Motorised Projection Screen with Integrated IR Remote Control.

Head Box: Colour to be specified at time of order, standard powder Coat options are White Ripple, Silver or Black. Custom colours are available upon request.

Surface: Welded MW PVC.

Borders: 50mm Sides & Bottom with adjustable top black leader, leader length needs to be specified at time of order.

Brackets: Load Rated M10 Eyebolts

Sizes: 200″ Diagonal to 300″ Diagonal.

Options: Extra Top Masking - RF RTS Remote (p38) or 4 Core Wall Switch, custom powder coat colours.
Not to be used in conjunction with the ElectriCinema Screen Box.

Please Note: This product is not suitable to be used in conjunction with a Short Throw Projector.

Due to the size and weight of this product freight costs can be significant, please allow for this in your tendering process.
