

Large • Commercial Heavy Duty Roller Screens

Large Commercial ADMIRAL

For projects that require a motorised screen at 6100mm wide or over, the bottom roller design gives the best possible lay flat for these challenging installations.

P1000 Uni-Strut Bracket System

APPLICATIONS

- 6100mm to 13000mm in width
- Multi purpose rooms
- Conference Rooms
- Educational Facilities

PRODUCT FEATURES

- Bottom roller design
- Steel box frame construction
- Custom sizes and formats available
- Fire rated surface

Site requirements normally dictate the use of a custom size screen in these larger venues. Please seek advice from the sales department.

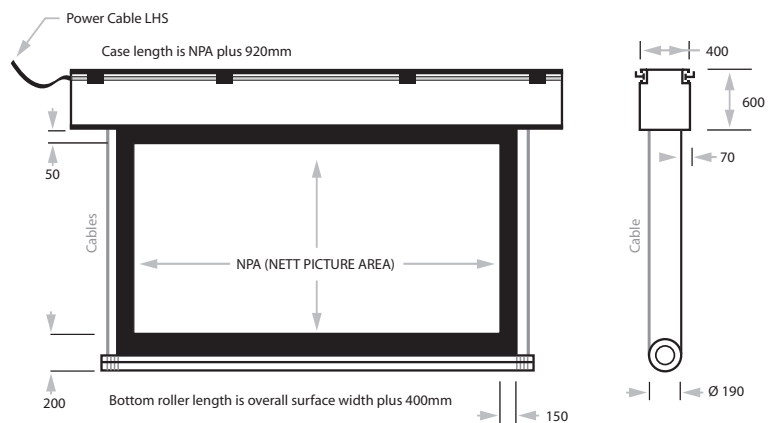

Please Note: This product is not suitable to be used in conjunction with a Short Throw Projector.

Due to the size and weight of this product freight costs can be significant, please allow for this in your tendering process.
